WORLD SPIRITS AWARDS 2007

Ten products were entered in this year's World Spirits Awards, and ten products went home with medals. This was another huge success for Okanagan Spirits, a feat that ranked them as a First Class Distillery.

Some of their highlights include the Gold medal winning 2005 Grappa Pinot Noir, their soon to be released 'Taboo' Absinthe and once again their 'Old Italian Prune' proved to be outstanding, winning gold for the second year running.

For the past 3 years Okanagan Spirits has consistently proven that the quality of its Eau de Vie and Grappa has placed them among the best producers of spirits in the world. Master Distiller Frank Deiter claims his success is due to his commitment to only using the finest local fruit for the distilling process. The results are award winning products that are 100% source natural not containing any artificial flavours, sugars, chemicals or other additives.

Enjoy over 24 varieties of fruit brandy, grappa, and specialty spirits available at the Okanagan Spirits store, located in Vernon B.C. You will also find a good selection of their product available in liquor stores throughout B.C. and Alberta.
